

# ▣ Case Study: UK Entrepreneur – James' Offshore Strategy in Dubai

## Overview

James, a tech entrepreneur based in London, was looking for ways to hedge against UK inflation, diversify his portfolio, and **generate rental income in GBP**. He turned to **Dubai's off-plan property market**, drawn by its tax-free structure and strong currency stability. Within 9 months, James had secured **two premium off-plan units in Downtown Dubai** with attractive post-handover payment plans.
